

## R. N. Longstreet, Clive Old Timer, Passes Away

Deceased Had Lived in This District Since 1860; Funeral Services Being Held at Clive

R. N. Longstreet, well-known old-timer of this district, passed away in the Community Hospital, Lacombe, Tuesday morning. He suffered from a stroke last week and had been confined to the hospital since that time. Funeral services are being held this afternoon (Thursday) from the Clive Community Hall. The services will be in charge of the Clive I.O.O.F. Lodge, of which the deceased was a charter member. Rev. Hughson of Hardisty, assisted by Rev. Kettyle, will officiate at the service.

The Lacombe Funeral Home have charge of funeral arrangements.

The Village Council has asked the business men of the town to close their stores and offices on Thursday from 2 p.m. to 4 p.m. so that everybody so wishing may attend the funeral. Pallbearers are W. R. Johnson, Jas. Tees, D. Hudkins, W. H. Kocher, L. Wagner and E. Stewart.

Mr. Longstreet was born near Fairmont, Minnesota, in 1877. He left home in 1900 and landed in Lacombe in October of that month, settling three miles east of town at what was then the Urquhart Post Office. In the Spring of 1901, Mr. Longstreet settled on a homestead near Clive, and later purchased some tracts of C.P.R. land, one portion of which the village of Clive now occupies.

Mr. Longstreet was instrumental in 1907 in forming the Clive Township Co., which was responsible for selecting the site where Clive now stands, and of changing the name of the small center from Valley City to Clive.

The deceased had lived in the Clive district for the past 38 years. In 1915 he was married to Miss Julia Mae Walters of Pictou, Ontario. He has one son, Walter, and two daughters, Lorna and Gertrude.

Mr. Longstreet was a charter member of the Clive I.O.O.F., which was organized in 1914. He served as a councillor and mayor in the village of Clive for over ten years.

## United Church Guild Group 3 Re-organizes

Reorganization of Guild Group No. 3 of St. Andrew's United Church took place at the opening fall meeting held in the Church Hall on Friday, Sept. 9. During the removal of the convener, Mrs. W. M. Macdonald, who had last June, and the imminent departure of Mrs. Ray Saunders, who has been secretary-treasurer for the past two years, it was necessary to elect officers to fill these vacancies. These are: Convener, Mrs. C. E. Todd; secretary, Mrs. E. L. Miesner; treasurer, Mrs. C. A. Codd; Treas. committee, Mrs. P. W. Parsons, Mrs. F. Bowtell and Mrs. E. Scott; refreshment convener, Mrs. J. R. Marshall. It was decided to hold an autumn tea and sale of baking on Saturday, Sept. 24, at the Manse.

The October meeting will be held at the home of Mrs. S. Mutch, when there will be an exchange of recipes. Following refreshments, Mrs. Ray Saunders was presented with an overnight bag, the presentation being made by Mrs. Todd, who also extended the good wishes of the members, and her regret in leaving her friends here.

## M.D. CROWN SELLS 15 THRESHING MACHINES

Eighty-three threshing machines have been sold to date by the Municipal District of Crown. Farmers operating threshing machines without a license are warned to obtain one immediately from their closest Municipal Office. A fine of \$25 and costs is provided for anyone operating a machine without license under the Threshers' Lien Act.

## This Week's Thought

The secret of life is not to do what one likes, but to try to do that which one has to do.

## Eleven Rooms Compete in Clive Rural School Fair

### New Classes Added to Fair Exhibits This Year; Physical Training Entries and Enterprise Groups Create Interest

Eight schools, totalling eleven rooms, competed in the Clive School Fair, held at the Community Hall in Clive on Saturday. The attendance at the fair was larger than has been seen for some years as parents and those interested turned out to see the school children's exhibits. The schools competing were: Clive (four rooms), Westliff, Turville, Birch Lake, Eclipse, Sathwood, North Star and Sargeant. While school work and vegetable exhibits were slightly down from last year, those in charge believed the quality better than in the past. Other classes, consisting of woodwork, livestock and poultry exhibits and household economics, were larger than usual.

## Lacombe School Fair Again Augurs Success For This Year

If present indications are any criterion, then the Lacombe and District School Fair which will be held at the Central Alberta Pavilion on Wednesday, Sept. 28, will again be a big success. Already nine schools have decided to enter, comprising Eureka Valley, Spring Valley, Canyon, Lakeside, Central, Sunny Crest, Mountain Grove, Arbordale and Spruceville, and two families from Elkhorh and the competition in all classes will undoubtedly be keen.

Exhibits will include Vegetables and Roots, Grains, Nuts, Weeds, Poultry, Manual Training, Cooking, Canning, Sewing, Knitting and Elementary Science, etc. In addition to the usual cash prizes, several special prizes will be up for competition. This annual event is well worth while, and it is hoped the public will support it by their attendance, giving these younger people greater incentive in their endeavors.

## Lacombe Golfers Down Stettler by 4 Points

In a return match of inter-club tournaments, played here on Sunday, Stettler golfers lost to Lacombe golfers by four points. In the morning 18-hole round the results were as follows:

C. Willis 1, H. Trane 0; R. Willis 0, G. Hall 1 1/2; G. Hall 0, H. Teare 1; E. Burrows 0, G. Brown 1; R. Lee 1, F. O. Vickerson 1/2; W. Findlater 1 1/2, J. Ellis 1 1/2; G. Nelson 0, H. Boddy 1 1/2; W. Blaney 0, E. Bowring 1; K. Blaney 1, R. Nelles 0; R. Sturrock 0, J. Miller 1; Dr. Kennedy 0, J. McKinley 1; J. Ellis 1 1/2, G. Hall 1; C. Carl 1, B. Harrington 1/2; C. Blaney 1, M. G. Cruickshank 1/2; R. Hamilton 1, P. Danner 1; S. James 0, H. Henderson 1.

Doubles during the afternoon were as follows: R. Willis and Hales 1 1/2, Irish and Teare 1; Burrows and Lee 0, Vickerson and James 1/2, Morrison and Boddy 1; W. Blaney and Hamilton 1; Bowring and Danner 1/2; R. Blaney and Stettler 1 1/2; Nelson and Miller 1; Ellis and C. Blaney 0; Chisholm and Cruickshank 1; Carl and Kennedy 1; Harrington and McKinley 1; J. Ellis and Willis 1 1/2; Todd and Sharpley 0. Total score: Stettler, 13 points; Lacombe, 17.

A third match is planned for the near future and also under consideration in the local club is a left-handers' tournament.

## Ladies' Spoon Golf Play Continues

Over thirty ladies will compete in the spoon golf competition draw next week. The games are to be played not later than Friday, Sept. 23, and players are urged to get together to hand in their score cards. The draw for next week's play has been made up as follows:

**First Flight**  
Mrs. Moore vs. Mrs. Locke; Miss V. Pratt vs. Miss L. C. Clary; Mrs. Hay vs. Mrs. Brown; Miss L. Harrington vs. Mrs. McAllister; Mrs. Sharplin vs. Mrs. M. Smith vs. Miss V. Hoe.

**Second Flight**  
Mrs. Fraser vs. Mrs. Mann; Mrs. Adamson vs. Mrs. Gilmore; Mrs. Pratt vs. Mrs. Jackson; Mrs. Vickerson vs. Mrs. Marble; Mrs. McDonald vs. Mrs. Lawrence; Mrs. Stewart vs. Mrs. Bowring.

**Third Flight**  
Mrs. Simpson vs. Mrs. J. Macdonald; Mrs. Wilson vs. Miss Jessie Hay; Miss B. Burnett vs. Mrs. Warren; Miss J. Hunter vs. Mrs. Williams; Mrs. Macdonald vs. N. Taylor; Miss M. Grant vs. Miss Margaret Masters.

## Can You Beat It?

From Blackfalds comes the report that a yellow pumpkin, weighing 2 1/2 lbs., has been picked by Dwight Crocker in his garden right in the village. J. A. Martin, general merchant at that point vouches for the size and weight of this pumpkin, the grand-daddy of them all.

Sixty bushels to the acre for Red Bob wheat. That's a big yield, but that is what Fred Kannegger reports on a two and one-third acre patch on a farm six miles west and one mile south of Lacombe. Threshed Thursday morning of last week, 140 bushels, machine threshing was taken off the small patch, which required three bushels to seed. Mr. Kannegger reports the wheat is of a very high quality. The seed used was registered second generation wheat.

An interesting exhibit at the fair was a new class arranged to comply with the renovated curriculum, under the general heading of Social Studies. In this enterprise work, Clive primary room, under the able direction of Miss Pierce, the teacher, entered a "health house" which caused considerable comment. The model house was made entirely from foods, with graham wafers stuffed, cheese doornap and macaroni woodpile, etc. Other exhibits in this class consisted of an Eskimo igloo made from salt and sugar entered by Sargeant school, and a jungle home made from straw entered by the second Clive room.

Another new class this year was the physical training group, in which three schools competed. The first prize was won by Clive (second room), second to Sargeant, while Westliff received third place. Sixty pupils took part in these exercises.

**Sports for the Children**  
Sports and races were run off for the smaller children under the supervision of Roy Reynolds, Clive, and Jim Foy of Chigewell. Keen competition was evident throughout as the pupils tried hard for the small cash prizes.

Judges for the exhibits were: For school work, L. A. Thurber, inspector of schools, and Joe Welsh, Red Deer; elementary and household economics, Miss Gordon, Olds; vegetables, grains and woodwork, Mr. Holton, Olds; livestock, F. H. Newcombe, Red Deer.

Mrs. W. Somerville of Clive, Mrs. E. Wagner and Mrs. A. P. Rainforth and Roy Reynolds, Clive, and Jim Foy of Chigewell were in charge of the School Fair. Many residents of Clive and district acted as helpers.

## Thrown Off Pony; Child Breaks Arm

Margaret Bell, seven-year-old daughter of Mr. and Mrs. Ed. Bell of Lacombe, received a broken arm when thrown off a pony Friday night. Margaret, along with Isabel, Fritz and riding on the pony when a dog frightened the animal, which bucked, throwing both girls to the ground. Margaret landed twisted her arm and fell on it, causing a complete break at the elbow. She received immediate medical attention. Every year-old daughter of Mr. and Mrs. A. M. Prizell, was uninjured.

## Blizzard of 1892 Recalled By W. F. Puffer, Local Old Timer

Outstanding among the many reminiscences exchanged between old timers at Lacombe, attending their annual reunion in Lacombe recently, was that of W. F. Puffer, for many years a member of the Alberta legislative assembly.

Mr. Puffer, in speaking of the early days, recalled how, during the winter of 1892, when he and Mrs. Puffer were living on their homestead six miles south of Olds, yet so close to the prairie that he journeyed to Calgary. It was expected that the round-trip would occupy several days, but actually three weeks elapsed before he was again in his home.

Shortly after his arrival at Calgary a terrible blizzard swept across the country, the worst since yet seen. Every sully was filled to the brim with snow, making travel impossible.

Fortunately for Mrs. Puffer and the three small children left alone in the homestead, there was plenty of food and fuel. Quantities of feed had been left in stacks in the clearing. Mr. Puffer, in speaking of the learned that stock belonging to less provident homesteaders had

## B. B. C. Head Attends Wedding

This is one of the few photographs that have been taken of the wedding of Miss Isobel St. Maure Macaulay, to F. W. Hardie, Fellow of Corpus Christi College, Oxford. The photo shows Professor Ogilvie walking to the wedding reception with Mrs. Macaulay, the mother of the bride.

## No Seed Grain in 1939, M.D. Crown Council Decides

Municipal District of Crown will not issue seed grain in 1939 except in case of total loss by fire. The council of the municipality decided at the regular meeting held in the Municipal office Thursday afternoon. A motion to this effect was unanimously passed as council members felt there was sufficient grain in the country to meet any need for seed.

A delegation of three from the Turville School District, requesting the surplus shown by the school district in 1937, appeared before the council, and it was decided to refer the matter to the Departments of Municipal Affairs and Education for settlement.

## CENTRAL ALBERTA LIVESTOCK FEEDERS SHIP IN CATTLE

Close to ten carloads of cattle have been brought from the south to the Lacombe and Ponoka districts under the supervision of the Central Alberta Livestock Feeders' Association, it was learned this week from D. F. Chisholm, secretary. Five carloads, totalling 125 cattle, have already been shipped to Ponoka, and another three from Dr. Bentley. The livestock, all cattle, will be shipped in regularly for the next few weeks.

## Mr. R. S. Saunders Move to B.C.

Lacombe loses this week one of its local business men, who has been in the town and district for the past 24 years. Ray Saunders, with his wife and family, is moving to Langley Prairie, B.C., and will leave this week. The first came to this district in 1914, taking up a homestead at that time, which he proved up, and sold in 1924. With his family he then moved into Lacombe and has operated an electric and mechanical business since that time.

Mr. Saunders has always taken keen interest in any movement for the betterment of the town and district, and was an ardent worker in the I.O.O.F. fraternity. Mr. Saunders has also taken an active part in community activities, and many pleasant functions in their honor have been held during the past week.

The family leaves with the best wishes of their many friends for their future success.

## Trail Ranger Groups Being Re-organized In Morningside

Trail Ranger groups in the Morningside district are being re-organized by the fall by Rev. J. A. Perrie, supervisor. Groups this year will be formed at Morningside, Iowalla, Fairview and Mendonbrook, and the total membership of these groups is expected to be over forty. Last year the groups won renown by winning a place in the Provincial Trail Ranger competitions, and the boys are out this year to enlarge on their activities.

Officers of the Morningside group, already formed, are Ross Sheppard, Vernon Sweet, Ken Walden and Jack Carter. Officers of the Iowalla Group are Roy Whitecotton, Roy Whitecotton, George Archibald and Geo. Kinley.

## NEW ARRIVALS

Born at the Lacombe and District Community Hospital to Mr. and Mrs. C. Flewelling, Lacombe, a son, on Sept. 11.

## APPEAL GRANTED

Judge J. J. Mahaffy of Red Deer decided in favor of the appeal made by Tom Sidjak at a court session last week. Tom Sidjak was sentenced to thirty days in Fort Saskatchewan Jail last May on a charge of "supplying intoxicating drinks to a juvenile." The accused then appealed his case, and the decision was given in his favor.

## Scottish Farmers Better Off Says Scotland Visitor

Local Couple Visit Glasgow Exhibition; Impressed With British Military Airplanes

"Scotland's farmers are taking the same trimming on sheep and cattle as are stock raisers here," claimed R. M. "Bob" MacKenzie, "but they are better off because of the large government subsidy. Cattle over there are down about \$2.00," Mr. MacKenzie declared, "but there is a government subsidy awarding around \$2.00 per head which helps to make up this drop."

Mr. and Mrs. MacKenzie bought a small eight-horse-power automobile—"but it would do sixty," Bob said, and travelled over 3000 miles in Scotland and England. "The car averaged 38 miles to the gallon for the total mileage," Mr. MacKenzie said, and added that he found the traffic laws over there confusing for a short time only.

Mr. MacKenzie visited several big sales while in the old country and saw some Canadian cattle sold "at a loss." The local couple also attended the Glasgow Exhibition and the Highland Agricultural Show, one of the largest annual fairs held in the British Isles. "The British Dominion Exhibits at the Glasgow World Fair," Bob asserted, "were wonderful. Canada's exhibit was a credit to the country." The traveller commented on the Mounted Policemen "on exhibit" at the Canadian display and told of the enormous interest in this police force which is manifest among residents of the British Isles. At the Glasgow Exhibition, he ran into an acquaintance from Innisfail, "so it's a small world after all," Bob smilingly remarked.

"I was particularly impressed with the large military aircraft along the coast," he said, telling of the levelling off of large and fertile farms to make room for the gramine and more necessary military airbases. "One reads very little, if anything, about war scares in 'British papers,'" Bob said, "but they are taking the crisis very calmly and everyone remains cool."

"There was no evidence of unemployment over there. The government takes care of all unemployed by means of the dole and recipients of the dole work on the gramine and the Government Housing Scheme there is wonderful," Bob informed his interviewer.

Mr. and Mrs. MacKenzie purchased a new car in Eastern Canada and motored home by way of the central and northern States. Bob reported bumper crops in Iowa and the northern States, with the possible exception of Minnesota.

## Dr. G. E. Budd Sells Dental Practice

Dr. G. E. Budd has sold his dental business in Lacombe to Dr. F. J. Emmett of Edmonton, after practicing in Lacombe for the past 11 years. Dr. Emmett has bought the complete equipment of the dental office, as well as the house in which Dr. Budd has resided. Dr. Budd has decided to discontinue practicing dentistry and will take up his future residence somewhere on the West Coast. Their many friends wish Dr. and Mrs. Budd best wishes for their future.

## Ladies' Guild to Hold Tea Oct. 15

A tea and sale of baking on October 15 is being planned by the Ladies' Guild of St. Andrew's United Church. This decision was reached at their autumn meeting at Mrs. J. N. B. Macdonald's home on Wednesday, Sept. 14. C. E. Lake, representing the Edmonstone Piano Co., of Edmonton, was introduced by the Guild. Mr. and Mrs. Lake gave the members a detailed explanation concerning the new Hammond electric organ which the Guild would like to install in the United Church. The members agreed to give consideration to his proposition.

CRABAPPLES RIPENING WELL IN SATINWOOD AREA

From the Satinwood district come reports of splendid and well ripened crabapples, grown by Henry Barnhill. The fruit trees are bearing well this year and the continued fine weather is giving the fruit plenty of time to ripen. Mr. Barnhill also reports the growth of some fine plums, although the yield is not as good as it has been in former years.

**DOUBTFUL**  
The schoolmaster was angry with the doctor's small son. "I will certainly have to ask your father to come and see me." "You'd better not," said the boy. "He charges \$5 a visit."

## Blackfalds

(From Our Own Correspondent)

**BLACKFALDS.**—Threshing got well under way last week, although interrupted by rain on Thursday, and much has been accomplished. The best yield reported so far was a forty-bushel per acre crop threshed by the Carlyle Brothers from a small seven-acre field.

Some good garden produce in great abundance has also been taken in. In J. A. Martin's store, Dwight Grover has on display a field pumpkin weighing 50½ pounds. He also took in a squash weighing 25½ pounds. Martin's store is also displaying a fine crop of tomatoes and some honey from the Elwell farm.

Mr. and Mrs. Minton spent the week-end in Calgary, returning Sunday night. They returned to Edmonton on Tuesday.

Mrs. Hart left for Calgary last Saturday.

There were good attendances at both the church services last Sunday. The United Church could do with an organizer if anyone would kindly volunteer to oblige.

Mrs. Warren left on Sunday for a trip to B.C.

Frank Warren is back at work again and Miss Elsie Walker is also up and around.

The W.W. meeting, which was scheduled for last Thursday, was interfered with by wet weather.

The Ladies' Aid are to meet this Thursday at the home of Mrs. Mathias.

## Returning From Strife Tom Palestine

Unknown to all except high government officials, Rt. Hon. Malcolm MacDonald, British Colonial Secretary, recently paid a flying visit to the Holy Land, where he conferred

with authorities on the conflict between Jews and Arabs. His report later to Premier Chamberlain is being closely guarded but his trip, apparently, was successful, for he is shown

above waving a cheery goodbye to the crew of the big ship which carried him back to England. He landed at Calcutta, where he boarded a government launch to go ashore.

## Westling

(From Our Own Correspondent)

**WESTLING.**—Mrs. Bruce Leasher and her two daughters and son have returned to their home in Juneau, Alaska. They were visiting at Arnold Baker's for nearly a month. Since Juneau is surrounded by mountains and water, these youngsters had never seen farm animals before. They thought the sheep were "big dogs" and were amazed to see where we get the milk and eggs.

Mrs. Leasher had her movie camera along and took several colored pictures around the district.

Quite a few prizes were won by the Westling school children at the School Fair held in Clive on Saturday.

Mrs. A. Billingshurst motored to Ponoka Monday to meet her sister from Chilliwack, B.C.

The English Church W.A. will meet at the home of Mrs. A. Billingshurst on Wednesday afternoon.

Mrs. Henthorn of Calgary and Mr. and Mrs. Archibald have been visitors at the home of Mr. and Mrs. Robert Haskins.

Mr. and Mrs. Axel Westling motored to Edmonton recently. Threshing is well under way now and harvest is heading rapidly to the finish.

"Mr. Flimflam," he began, "I understand your studio is about to produce a number of two-reel shorts. And also I understand that you're looking for experienced actors to play a bathing beach scene."

The busy director kept right on reading the script.

"That's right," he barked. "So what?"

The actor coughed. "I was wondering," he put in hopefully, "if there wasn't a chance for me to appear in one of your shorts?"

The director moved his hand. "No chance," he snapped. "If you want the part, bring your own bathing suit."

### Specialized Lubrication at no Extra Cost

The name ALEMITE has been known for Premier Lubricating in Canada for the past 17 years.

In keeping with their reputation they have kept abreast of the times by providing up-to-date Garages with positively the newest in lubricating equipment, from the time of the old hand-type grease guns, up to the present-day High Pressure Unit pictured above.

Lubrication performed with this unit is Positive, correct and clean.

IT IS POSITIVE due to the fact that 8000 pounds pressure is exerted to force the lubricant through the machined fit of bushing on the modern car. IT/IS CORRECT because this pressure is only applied to bushings which need pressure, such as Spring Bushings, King Pins, Etc. The Spring-Primed Hand Guns shown hanging on the front of the unit are designed for use where high pressure should not be used,

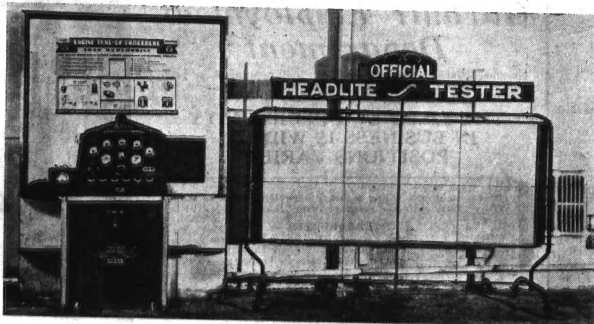

such as Water Pump and Universal Joints. . . CLEANLINESS is made possible by overhead piping of the lubricants from the unit, which contains three separate pumps, one to each barrel of lubricant. In this way, the lubricant is dispensed direct from the sealed barrel in which it is shipped from the factory, eliminating any danger of foreign matter becoming mixed in the lubricant while changing it from the drum to the guns as done with the old style equipment.

The best of lubrication equipment cannot perform a thorough job unless a quality lubricant is used, so we still continue to use as in the past nothing but GENUINE ALEMITE Lubricant. Twelve different types of Greases and Oils are used in an entire lubrication job on your car as recommended by the manufacturer. A Check Chart system is used, which is a diagram showing every point on your car needing lubrication and the type of lubricant to be used,

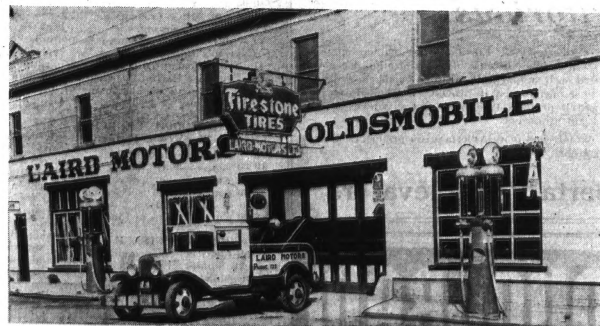

which again leaves nothing to chance.

The small round unit standing on the platform to the left of the large unit is much more essential than it appears from its size, as this is the unit that thoroughly flushes old grease from the differential where Hypoid Grease is used, as in the late model cars. This is very important as different makes of old Hypoid Grease should never be allowed to mix with new. This applies to 1937 and 1938 cars equipped with Hypoid Gears in the differential and you will find this point stressed very strongly in your instruction book, given you with your car and compiled by the manufacturer.

The above equipment has been installed at a large expenditure to give the car owner the same type of service in lubrication available only in the larger cities of Western Canada, in keeping with our policy of operating a Modern, Well-Equipped Garage.

OUR TUNE-UP EQUIPMENT, also recently installed, does away with guess work in the elimination of Defective Electrical and Fuel Units on your car and assures you of a Tune-Up Job that will put new life in your car for Winter Driving and also save you money in gasoline. Why not drive in TODAY and have your car checked for Winter Driving? It will pay you good dividends to have it done before you are caught in the cold weather to come.

OUR SERVICE TRUCK (a 2-ton Heavy Duty Chevrolet, equipped with a 3-Ton Weaver Crane) by this time is well known in the district. We hope this picture will remind you of a Towing Service which is Positive, no matter where you are in trouble.

Our Stock of Winter Accessories--Heaters, De-frosters, Anti-Freeze, etc.--is Complete for Your Needs

## Spring Valley

(From Our Own Correspondent)

SPRING VALLEY — We were glad to have Mrs. Hoad from Breton, Alta., with us at church this Sunday last. She is visiting with the Hails.

Rod Macaulay and daughter Mary of Vancouver are visiting in the district for about ten days. There were 44 at church and Sunday school last Sunday. The day was observed as Flower Sunday and the church was in gorgeous attire. Davy Dixon gave us a very excellent sermon.

The rain of last week stopped threshing for a few days but the machines were humming again Tuesday.

We expected every morning of last week to see the flowers and gardens killed by frost but today (Sunday) they are still blooming. Mr. Addison was with us at church again and sang for us. We are always glad to have him and wish more of the young people would favor us with their talent.

## HIGHER MATHEMATICS

Two workmen were engaged upon an intricate machine.

"I say, Bill," said one, "it's bloomin' wonderful what they can make nowadays. D'ye know they can make measurements to the thousandths of an inch?"

"Blimy," said the other, awed, "how many thousandths are there in an inch?"

"Oh, I dunno," answered Bill, "but there must be millions."

## Distinguished Citizen Re-Visits U. S. A.

Interested spectators at the matches of the Murray Bay tennis championships at the Manor-Richelieu Tennis Club were Sir Edward and Lady Peacock and their daughter, Miss Julia Peacock. Prior to

watching the tennis finals, Sir Edward had taken part in the putting competition on the putting course. Sir Edward, who was a son of the Presbyterian minister at Glenora, Ontario, and is now a resident of London, England, is an M.A. of Queen's University, Kingston, and had the honorary degree of Doctor of Civil Law conferred on him by Oxford University. He is a noted authority on finance in the British Empire.

## Generals Retired By War Secretary Under British Plan

LONDON—Leslie Hore-Belisha, British War Secretary, put 13 Generals on the retired list recently, in a shakeup designed to jolt the British Army into equality with the marching men of Europe's dictators.

The most widespread changes in the High Command since the World War were announced in the Army Gazette, as the next step in the Secretary's determined plan to inject power into the nation's compact land forces.

Placed on the retired list because of age were three Generals, four Lieutenant Generals and six Major Generals. The move was a consequence of the Secretary's announcement July 28 of a lower retirement age for all ranks above that of Major.

Under the new terms, retiring age for Generals and Lieutenant Generals was reduced from 67 to 60; and for Major Generals, from 62 to 57. The order follows upon the promotion of 2,000 younger officers August 6.

## THE DIFFERENCE

A Negro woman, hearing a commotion in a neighbor's cabin, looked in at the door. On the floor sat a small boy near the remains of a large watermelon.

"What-all de matter?" asked the visitor. "Too much watermelon?"

"Hol Go 'long wit you," protested the boy. "Dey cya'n't never be too much watermelon. Hit mus' be dat dere ain't enough boy!"

He Means "About a Half" "I'm looking for a fourth." "So you're a bridge player, eh?"

"No, I'm the tax collector."

## TURNER VALLEY OIL FIELD IS BOON TO WEST

Development of Turner Valley as an oil field has been a big factor in saving this year 5½ million dollars for western farmers in the price of their gasoline and tractor fuels.

Prices are lower because refiners have been able to use the supply of crude oil near at hand. Savings have been made in freight charges and these have been passed on to the consumer.

In point of fact, the actual saving is substantially more. If one could accurately compute it, the 5½ millions is figured on the basis of 1937 consumption of petroleum products, a year in which there was a poor crop. This year prairie farmers are in a better position with better crops. Cost of their equipment and supplies for operation is lower.

Obviously also, the consumption of gasoline and distillates will be greater than last year when the crop failed. Thus a calculation on the basis of the 1937 crop necessarily falls short in showing the actual savings in 1938.

## Hon. Solon Low Seeking Financial Aid in East?

By T. R. WINDROSS

EDMONTON. — Reputedly to seek financial assistance from eastern centres, probably through the Federal Government and the Bank of Canada, Provincial Treasurer Solon Low is in Ottawa this week. In unofficial circles at the legislative buildings here, it is believed that he is again seeking some arrangement for refunding of the Alberta provincial debt, if possible—and at least some method of meeting the \$3,500,000 bond maturities which fall due at the first of the year.

Premier Aberhart and Mr. Low gave some indication of seeing the advisability of co-operation and goodwill with the banks by attending at Edmonton on Tuesday last, a reception for H. T. Jaffray of Toronto, general manager of the Imperial Bank of Canada. Apart from the consideration that it is the Imperial Bank which does the Provincial Government's business, there were many other influential business men and bankers at that same reception.

It is realized by some members of the cabinet, too, that a substantial share of Alberta's present degree of prosperity, and much of the increased employment which the Premier has mentioned, has been due to the substantial amount of construction work in the Province. A large proportion of that building has been done, directly and indirectly, to the operation of the Home Improvement Plan, sponsored by the Federal Government and the chartered banks jointly.

## Huge Wheat Crop

Alberta's wheat crop will be about 140,000,000 bushels, according to estimates by the Dominion and provincial governments. This figure is almost double that of last year in this province and although the Dominion treasury expects to stand a heavy loss because the minimum price at which it will buy is likely to be far above the world market prices at which it must sell, Alberta is assured a year of prosperity.

J. D. Byrne, "Social Credit technician," embarrassed the board and certain other persons when last week he repudiated a statement which had been made by W. E. Haytes, Social Credit member of the Legislature for Stony Plain, and which had been blazoned in "Today and Tomorrow," which is owned and edited by Lucien Maynard, one of the loudest shouters for an accurate press.

In a "Democracy Day" speech at Drumheller, Mr. Haytes had said that Mr. Byrne could now have dividends of \$1,500 a year—\$125 a month—could be produced "with a few minutes' figuring." Mr. Byrne issued a statement which graciously did not mention either Mr. Haytes or "Today and Tomorrow" by name. He said: "The idea that the development of the resources of this province could immediately or even within several years justify a monthly dividend of \$125 for distribution to each adult citizen is obviously absurd. It ignores the basis for dividends."

## Negotiations Stop

The Aberhart Government last Thursday broke off all negotiations with Keith H. Williams, British financier, who had presented proposals and offers for development of the province's natural resources and for organization of co-operative business which, he said, alone would bring a revenue of \$12,000,000 to Alberta people.

The Government issued no statement on the matter; it did

## France Buys 100 Warplanes in U.S.

WASHINGTON. — The State Department issued licenses during the summer for the export of \$5,003,000 worth of aircraft to France.

The Department announced recently that the license called for \$5,000,000 to be expended on military aircraft and \$3,000 on

civil aircraft, probably parts. France is buying a total of 100 warplanes here, mostly light bombers.

July was one of the busier months for the arms trade, the total of licenses reaching \$10,831,140, compared with \$7,761,289 in June, and the total of actual shipments increased to \$5,514,910, compared with \$6,283,450 in June.

Both licenses and shipments for Japan declined from June to July.

## Line Elevator Companies and the Wheat Board

Attention has been drawn to statements suggesting that Line Elevator Companies opposed the establishment of the Wheat Board and took no part in the advancement of the farmers' case before the Turgeon Commission. These and all similar suggestions are false.

The solution of the wheat question requires the co-operation and goodwill of all those interested in the welfare of Western agriculture.

The 1938 Wheat Board was established because conditions in the international wheat situation demanded it, because that fact was recognized by the Government, and, not least, because all thoughtful Westerners and Western organizations, including the Line Elevator Companies, strongly supported it.

Realizing that union and not dissension amongst all those interested in the progress of Western agriculture and the honest facing of common problems are more than ever necessary and that the greatest disservice that any organization or individual can do in these present difficult times is to spread falsehoods, innuendoes or half truths, the Line Elevator Companies feel it necessary to draw your attention to

## The Following Facts Before the Turgeon Commission:

1. On the Opening Day, Counsel for the Line Elevator Companies was the first to address the Commission. He analysed the burdens upon Western farmers. He referred to tariffs, interest rate, the cost of things farmers buy, transportation costs, etc. He said:

(a) "It may be stated that the farmer suffers from the double handicap of buying his goods at costs which are enhanced by a closed market and selling his product on a market in which tariffs and embargoes have been raised against him."

(b) "No one wishes him, least of all those whose welfare is his welfare, to leave the farmer the victim of conditions which he did nothing to create."

(c) "At this point I may state that my clients endorse, wholeheartedly, any movement for a relief of the farmers' burdens and for the granting of support, as long as any condition, either national or international, external or internal, render that relief and that support necessary for the maintenance of adequate living standards for farmers and their families."

2. At Calgary. Exhaustive evidence was offered of the increased cost of things which farmers buy. In answer to Mr. Justice Turgeon, Counsel for the Line Elevators said:

"I want to say, quite firmly, my Lord, that the elevator companies do not oppose the establishment of a Wheat Board. Rather, we are all in favour of anything that will give the farmer the necessary protection. As I indicated at the beginning of this inquiry, our attitude towards the Commission is that we would like to join with everybody else in searching for the best remedy for the ills of the farmers."

3. In the formal written argument—submitted on behalf of the Line Elevator Companies—Counsel said:

"It is submitted that a wheat board organization should be retained and made available for the guarantee of price in case the prevailing world price declines below a fixed figure set to assure the grower the highest minimum price possible for his product."

## The 1938 Wheat Board

In 1938 the Line Elevator Companies advocated and supported a Wheat Board and the Government gave consideration to the relationship between the present cost of necessities and the price of wheat. We understand that recent statistics released by the Dominion Bureau of Statistics covering food, fuel, rent, clothing and sundries show that the average cost of these items for the year 1937 to be 31% higher than the cost of the same articles for the year 1913. The average price for No. 1 Nor. wheat in store Fort William for the year 1913 was 88c. The handicap under which we believe our clients are laboring is set forth in the evidence given on our behalf by Mr. L. W. Brockington, K.C., Volume 1, page 16, through 26, of the evidence of the recent Royal Grain Enquiry Commission. It is the hope of this Association that the Government will consider the highest possible minimum price consistent with the welfare of the Dominion of Canada.—Signed, C. E. Hayles, President."

"We understand from recent Press reports that the minimum price for the current crop year for wheat will be determined and announced by your Board and the Government in the next week or ten days. Our Association placed in evidence before the recent Royal Grain Enquiry Commission the following:

"Volume 1, page 20. 'At this point I may state that my clients endorse wholeheartedly any movement for a relief of the farmers' burdens and for the granting of support as long as any condition, either national or international, external or internal, render that relief and that support necessary for the maintenance of adequate living standards for farmers and their families.'"

"And again, Volume 1, page 26, 'If the deliberations of this Commission are to have the constructive effect which it is desired we believe that it should consider the economic position of the Western farmer in the national household. In any enquiry directed towards these ends and in any movement to ameliorate this position I am instructed to state that my clients will wholeheartedly join.' Bear-

ing in mind the welfare of the producers, may we respectfully urge that your Board and the Government give consideration to the relationship between the present cost of necessities and the price of wheat. We understand that recent statistics released by the Dominion Bureau of Statistics covering food, fuel, rent, clothing and sundries show that the average cost of these items for the year 1937 to be 31% higher than the cost of the same articles for the year 1913. The average price for No. 1 Nor. wheat in store Fort William for the year 1913 was 88c. The handicap under which we believe our clients are laboring is set forth in the evidence given on our behalf by Mr. L. W. Brockington, K.C., Volume 1, page 16, through 26, of the evidence of the recent Royal Grain Enquiry Commission. It is the hope of this Association that the Government will consider the highest possible minimum price consistent with the welfare of the Dominion of Canada.—Signed, C. E. Hayles, President."

After the price was set, in a newspaper interview, Mr. C. E. Hayles said:

"The members of the North-West Grain Dealers' Association are pleased to note that the Dominion Government has recognized the principle that, in the face of adverse international and national conditions, the economic position of the Western farmer is entitled to federal support, even at the risk of loss to the Dominion Treasury. We wish, however, that the Dominion Government had been able to guarantee a higher price."

## FROZEN BREAD

Practical use of frozen bread is reported from Fairbanks, Alaska. Freshly-baked bread is quick-frozen at 20 degrees F., and is then shipped by train or airplane to retail distributors, who store it in quick-frozen condition until the consumer requires it to be defrosted.

## TOBACCO ACREAGE SHOWS INCREASE

The total acreage of the 1938 commercial tobacco crop in Canada is estimated approximately at 84,000 acres, as compared with the revised estimates of 69,000 acres in 1937 and 55,000 in 1936.

## Spruceville

(From Our Own Correspondent)

SPRUCEVILLE — Fred Kanneiser had the misfortune to crack a rib when grading the road last week. A stone caused the drag to bounce and threw him against the lever.

Mr. and Mrs. Roy Leslie of Rockwood, Ont., visited with their cousin, Mrs. O. S. Young, over last week-end and left for Banff Wednesday.

The regular monthly meeting of the U.P.W.A. will be held at the home of Mrs. H. E. Heath on Wednesday next, Sept. 21. The roll call will be answered by suggestions for table decoration. If possible, a sample should be brought. Two discussions will be the order of the afternoon—the "Present European Situation" and on "Being Well Dressed."

## MOVEMENT OF FRESH EGGS

OTTAWA. — Since the commencement of the export movement of fresh eggs from Canada to Great Britain early in April of 1938, the total number of fresh eggs exported up to June 30 was 12,182 cases.

## TO PASS THE TIME

The employer was accustomed to being out of the office a good deal on business, and was rather worried about the behavior of his typist while he was away.

Sending for the girl one morning, he asked her: "I hope you don't just sit and twiddle your thumbs when I'm not in the office?"

"Oh, no," the girl replied at once. "I have my embroidery."

## CANADA AT R.A. SOCIETY

Canadian fox furs, a wide range of Canadian agricultural machinery, Canadian wire fencing, stump pullers, cattle feed grinders, and Canadian barn equipment attracted much attention at the recent annual show of the Royal Agricultural Society at Cardiff, Wales. ## T. Wilkes Judge At Brooks Rodeo

Visiting his old stamping ground for Labor Day and the week-end preceding, Town Councilor T. Wilkes was pressed into service at the Brooks Rodeo held in that town on Labor Day.

"Tommy" was the judge of the competition for Floats and Best Dressed Cowboy and "Cowgirl and Best Dressed Indian, and other events. In addition he rendered some of his popular songs over the loud speaker equipment used for the occasion. Needless to say, both he and Mrs. Wilkes enjoyed meeting their many friends and acquaintances in that town and district. They reported the event one of the most successful ever sponsored by the Brooks Board of Trade.

## CLASSROOM CANDOR

The president of the School Board, being of a conscientious nature, made it a point to visit all the schoolrooms frequently. In each room he would make a little talk in an effort to interest the children in the everyday things of life.

On one such occasion he was telling them of the blacksmith. "And what kind of arm has the blacksmith?" he asked. "Big!" shouted the children. "And why is the blacksmith's arm bigger than mine?" "He works!" came the chorused reply.

## Fairview

(From Our Own Correspondent)

FAIRVIEW.—Harvesting is almost completed in this district, several farmers having finished on Saturday. Threshing has started on a few farms but will not be general for a few days yet.

C. W. Duckett has bought a new rubber-tired Case tractor. Rev. J. A. Perrie has his sister vacationing with him in Lacombe.

Ruth King is assisting Mrs. Henry Lembig with her threshing this week. Stanley King has been very sick for the past two weeks but is getting better now. We hope he will soon be up and around again.

Fairview Ladies' Aid held a quilting bee at the home of Mrs. F. B. Stewart last Thursday. Their next monthly meeting will be at Mrs. Rourke's home. We are congratulating Mr. and Mrs. Clyde Flewelling on the birth of a son last Sunday at the Lacombe Community Hospital.

Only a small crowd witnessed the Gibbons-Dempsey fight at Shelby, Montana.
